

## Turbo-Twist shut-off unit

---

Art.-Nr. 60796133

The shut-off unit is the centerpiece of the Turbo-Twist system. The Turbo-Twist Shut-off unit base module with a rotatable coupling at the inlet and the new Turbo-Twist interface at the outlet for locking securely in the springloaded and self-locking bayonet connecting on the interchangeable attachments. No unintended opening under pressure possible. Easy to fit and lock for a secure connection in just seconds. And just as easily disconnected by pressing together - for changing nozzles at turbo-speed.
