

## Turbo-Pistol 2130 HD

---

Art.-Nr. 20207533

The Turbo-Pistol of type 2130 HD is the combination of the advantages of the Turbo nozzles and the Turbo pistols, even when used with high pressure. The flow rate is adjustable depending on the inlet pressure. The change between full jet and spray jet is done analogous to the AWG Turbo-Nozzles by turning the nozzle-head/bumper. The AWG Turbo-Pistol 2130 HD has a union nut at the inlet that can also be turned under pressure. It can preferably be used in connection with hoses DN 19-25-33.

## Technical Data

Length [mm]:	370
Width [mm]:	71
Height [mm]:	294
Weight [kg]:	2.2
Inlet swivelling:	Yes
Flow rate at reference pressure p1:	40 / 80 / 130
Reference pressure p1 [bar]:	6
max. permissible operating pressure [bar]:	40
Nominal size:	TP 2130
