

Multi-Lug Festkupplung 10"

Art.-Nr. 10115732

The symmetrical AWG - quick coupling MultiLug was developed as a connection unit for high-volume delivery hoses. Adapters are used to connect fittings and hoses with each other and as therefore ensure the supply of extinguishing agent. Equipped with a female thread, the adapter can be easily mounted to an existing fitting.

Technical Data

Length [mm]:	95
Weight [kg]:	4.5
Material Adapter:	Aluminium
Sealing:	Pressure Sealing
Amount Lugs:	10
Lug space [mm]:	266
Outlet:	BSP G8" IG
Inlet:	Multilug 10"
